GSF Vision and Goals Discussion - Bob Marcucci

Tonight’s discussion is designed to help confirm the GSF’s overall vision, vision statement and goals. Additionally, a process would result from the discussion for evaluating whether the GSF reaches the goals for the students. Bob, Heidi Gill of the National Equity Project and Patty Thompson were facilitators for table group discussions to answer the questions: **“What do we want for all students at Glenwood? What is your goal for your child’s learning here at Glenwood?”** An engaged discussion resulted among the table participants and ultimately the entire group once each table’s answers were presented to the group at large. Although the meeting adjourned prior to a new vision statement was created, this discussion and process will continue in future GSF meetings.

Michael Mink thanked the membership for attending and for their contribution to the evening’s discussion.

Meeting was adjourned at 8:45pm by Michael Mink.
